SUMMARY

I am an aspiring Data Analyst with foundational skills in SQL, Excel, Python, and Power BI. I aim to apply my theoretical knowledge in real-world projects and contribute to data-driven decision-making. I am eager to learn and adapt to new tools in a dynamic environment, seeking opportunities to grow professionally and enhance organizational success.

EXPERIENCE

Project Intern
Adani ABEXx
📅 10/2024 - 12/2024

- Created an automated Python script to capture live share prices of Adani stocks from NSE.
- Mapped multiple files from different tables for data collection.
- Used SQL to track the daily status of the bots.
- Prepared a Power BI dashboard for visualization.
- Analyzed the dashboard and provided additional insights.
- Preprocessed data in MS Excel.
- Created a dashboard using data from multiple files.
- Automated the process of uploading files daily in Power BI.

Data Analyst Intern
Shaip.AI
📅 04/2024 - 07/2024

- Created a dataset on request money intent for a voice payment project to train the ML model.
- Utilized Python for data augmentation scenarios.
- Cleaned the dataset.
- Recorded voice for training the machine learning model.
- Responsible for quality assurance of the datasets and audio recorded.

Project Intern
Shaip.AI
📅 02/2024 - 03/2024

- Created multi-turn dialogues for various scenarios.
- Conducted deep research on the given topics for scenarios.

EDUCATION

PGDM in Big Data Analytics
Adani Institute of Digital Technology Management
📅 07/2023 - 06/2025

Bachelor of Commerce
Government Commerce College
📅 06/2018 - 06/2021

CERTIFICATION

Python Fundamentals for Beginners
Fundamentals of Python programming.

KEY ACHIEVEMENTS

🏅 **Automation of Data Collection**
Successfully automated data collection and visualization processes for multiple projects.

SKILLS

Big Data | Data Analytics | Bots Creation | Data Manipulation | Data Visualization | Machine Learning | MatplotLib | Power BI | MS Excel | Numpy | Pandas | Python | Quality Assurance | SQA | SQL

PROJECTS

Superstore Sales Data
📅 01/2023 - 01/2023
Superstore Sales Data Dashboard

- Developed a comprehensive data visualization dashboard using Power BI to unlock consumer insights.
- Focused marketing efforts on essential consumer behavior areas.

HR Attrition Analytics
📅 01/2023 - 01/2023
HR Attrition Analytics

- Analyzed HR attrition metrics to understand workforce dynamics.
- Included employee demographics and satisfaction metrics.

Global YouTube Analysis
📅 01/2023 - 01/2023
Global YouTube Analysis

- Processed and manipulated data for Global YouTube analysis.
- Developed solutions based on comprehensive analysis.

IPL (2018-2022) Performance
📅 01/2023 - 01/2023
IPL Performance Analysis

- Worked on MySQL to analyze players' performances during IPL.
- Wrote and understood queries to evaluate batting and bowling performance.

CERTIFICATION

Introduction to SQL
Introduction to SQL for data management and analysis.

Power BI for Beginners
Fundamentals of data visualization using Power BI.

Power BI Job Simulation
Simulated practical experience in Power BI.
